Independent Auditors' Report

To the Board of Commissioners
Greater Alexandria Economic Development Authority

We have audited the accompanying basic financial statements of the governmental activities and each major fund of the Greater Alexandria Economic Development Authority, as of and for the year ended December 31, 2011, as listed in the table of contents. These basic financial statements are the responsibility of the Greater Alexandria Economic Development Authority's management. Our responsibility is to express an opinion on these basic financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Greater Alexandria Economic Development Authority, as of December 31, 2011, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis and budgetary comparison information listed in the accompanying table of contents are not a required part of the financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquires of management regarding the methods of measurement and presentation of the required supplemental information. However, we did not audit the information and express no opinion on it.

MANAGEMENT'S DISCUSSION AND ANALYSIS

December 31, 2011

This section of the annual financial report presents our discussion and analysis of the Greater Alexandria Economic Development Authority's financial performance during the fiscal year ended December 31, 2011.

OVERVIEW OF FINANCIAL STATEMENTS

The basic financial statements include government-wide financial statements and fund financial statements. These two types of financial statements present the Greater Alexandria Economic Development Authority's financial position and results of operations from differing perspectives which are described as follows:

Government –Wide Financial Statements

The government-wide financial statements report information about the Greater Alexandria Economic Development Authority as a whole using accounting methods similar to those used by private-sector companies. The government-wide financial statements report all revenues and expenses regardless of when cash is received or paid. Furthermore, the government-wide statements include all of the Greater Alexandria Economic Development Authority's assets and all of its liabilities. All of the Authority's activities are classified as governmental activities in the government-wide financial statements. The governmental activities are financed primarily by hotel occupancy taxes.

Fund Financial Statements

Fund financial statements provide detailed information regarding the Greater Alexandria Economic Development Authority's most significant activities and are not intended to provide information for the Authority as a whole. Funds are accounting devices that are used to account for specific sources of funds. All of the Greater Alexandria Economic Development Authority's funds are Governmental Funds. These funds are used to account for essentially the same functions that are reported as governmental activities in the government-wide financial statements. However, unlike government-wide financial statements, the governmental fund uses a modified accrual basis of accounting that provides a short-term view of the Greater Alexandria Economic Development Authority's finances. Assets reported by governmental funds are limited to amounts that are available for current needs. In addition, liabilities are limited to amounts that are expected to be paid from currently available assets.

FINANCIAL ANALYSIS OF THE AUTHORITY AS A WHOLE

An analysis of the government-wide Statement of Net Assets is presented as follows:

Greater Alexandria Economic Development Authority

Management's Discussion And Analysis

December 31, 2011

As the accompanying presentation demonstrates, the Authority has experienced favorable financial trends. Net assets have increased by \$257,275 representing an improvement of 18.71% over the net asset balance for the previous year.

FINANCIAL ANALYSIS OF THE AUTHORITY'S FUNDS

For the year ended December 31, 2011, governmental fund balances increased by \$256,760. Differences between the increase in fund balances and the increase in government-wide net assets are attributable to excluding capital assets and long term liabilities from the financial statements.

BUDGET HIGHLIGHTS

For the year ended December 31, 2011, revenue exceeded budgeted amounts by \$128,614. Expenditures were less than the budgeted amounts by \$120,481.

CAPITAL ASSET ADMINISTRATION

In the current year the one Capital asset acquisition was a laptop computer in the amount of \$1,178. Capital expenditures were interest paid of \$1,764 on the Masonic Drive property loan. No principal payments were made in the current year.

FACTORS EXPECTED TO EFFECT FUTURE OPERATIONS

At the present time, no known issues are expected to have a significant impact on future operations.

Notes To Financial Statements

December 31, 2011

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Greater Alexandria Economic Development Authority has been established under Louisiana Law to engage in cooperative economic development activities with the City of Alexandria. The Authority's activities are supported by a special tax levied on hotel occupancy. The Authority is governed by the Board of Commissioners, which is appointed by the City of Alexandria.

The accompanying policies conform to generally accepted accounting principles for governmental units.

Financial Reporting Entity

The Governmental Accounting Standards Board (GASB) Statement No. 14 established criteria for determining which component units should be considered part of a financial reporting entity. The basic criterion for including a potential component unit within a reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

1. Appointing a voting majority of an organization's governing body, and
 - a. The ability of the reporting entity to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the reporting entity.
2. Organizations for which the reporting entity does not appoint a voting majority but are fiscally dependent on the reporting entity.
3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Based on the previous criteria, the Greater Alexandria Economic Development Authority is a component unit of the City of Alexandria. The accompanying component unit financial statements present information only on the funds maintained by the Authority and do not present information on the City, the general government service provided by that governmental unit, or other governmental units that comprise the financial reporting entity.

Basic Financial Statements

The basic financial statements include both government-wide and fund financial statements. Both government-wide and fund financial statements categorize all of the Greater Alexandria Economic Development Authority's operations as governmental activities. Governmental activities involve government services that are normally supported by taxes and intergovernmental revenues.

Greater Alexandria Economic Development Authority

Notes To Financial Statements

December 31, 2011

The government-wide and fund financial statements present the Greater Alexandria Economic Development Authority's financial position and results of operations from differing perspectives which are described as follows:

Government-Wide Financial Statements

The Statement of Net Assets and the Statement of Activities display information about the Authority as a whole. The effect of any interfund activity is eliminated from these financial statements. Furthermore, government-wide financial statements exclude any fiduciary activities which are reported in the fund financial statements.

Program revenues reported in the Statement of Activities consist of amounts that are directly associated with a governmental service. Program revenues include charges for services, contributions to specific programs, and most grants.

Fund Financial Statements

Funds are separate accounting entities that are designed to assist with demonstrating legal compliance and segregating transactions by activity. Major individual funds are reported as separate columns in the fund financial statements. At the present time, the Authority's only fund is the general fund, which is the primary operating fund and it is used to account for all resources.

Basis of Accounting and Measurement Focus

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. The basis of accounting and measurement focus used for various financial statement presentations are described as follows:

<u>Financial Statement Presentation</u>	<u>Basis of Accounting</u>	<u>Measurement Focus</u>
Government-Wide Financial Statements	Accrual Basis	Economic Resources
Fund Financial Statements	Modified Accrual Basis	Current Financial Resources

Under the accrual basis of accounting and the economic resources measurement focus, revenues are recorded when earned and expenses are recorded when a liability is incurred.

Under the modified accrual basis of accounting and the current financial resources measurement focus revenue is recognized when it is considered measurable and available. Revenue is generally considered available if it is collected within 60 days of year end or may otherwise be available to finance current expenditures. In addition, expenses are generally recorded when a liability has been incurred. Furthermore, when the current financial resources measurement focus is used, amounts recorded as assets exclude capital assets and the acquisition of capital assets is treated as an expenditure. In addition, long-term debts are excluded from amounts reported as liabilities. Proceeds from issuing long-term debt are reported as an other financing source and repayment of long-term debt is reported as an expenditure.

Greater Alexandria Economic Development Authority

Notes To Financial Statements

December 31, 2011

Restricted Assets

Any amounts reported as restricted assets, represent resources that must be expended in a specific manner. Restrictions of this nature can be imposed by tax propositions and various contractual obligations including grant agreements and bond covenants. Whenever restricted assets can be used to satisfy an obligation, the restricted assets are typically consumed before utilizing any unrestricted resources.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Budget Practices

The Board of Commissioners adopts annual budgets in the manner prescribed by State Law. These budgets present revenue and expenditures on a basis which is consistent with generally accepted accounting principles.

Capital Assets

Capital assets include facility improvements and equipment that are expected to remain in service for a period of years. Capital assets are reported in the government-wide financial statements but are excluded from the fund financial statements. Instead, the funds report the acquisition of capital assets as expenditures rather than asset acquisitions.

All capital assets are reported at historical cost less accumulated depreciation. Depreciated is computed using the straight-line method and estimated useful lives that are based on the expected durability of the particular asset. Useful lives are 5 and 7 years.

Cash

Amounts reported as cash and cash equivalents (restricted and unrestricted) include all cash on hand, cash in bank accounts, certificates of deposit and highly liquid investments.

Compensated Absences

Fulltime employees earn vacation at rates that vary depending on length of service. A maximum of 80 hours of accrued leave are allowed to accumulate. As of December 31, 2011 no significant compensated liability existed and no remaining vacation time was accrued by employees at December 31, 2011.

NOTE 2 - CASH AND CASH EQUIVALENTS

Deposits in financial institutions totaled \$898,666 (collected bank balance). These deposits are secured from risk by \$250,000 in Federal Deposit Insurance per bank and pledged securities with a market value of \$610,000. The pledged securities are held by a custodial bank in the name of the pledging institutions (fiscal agent). However, State Law imposes a statutory requirement on the custodial bank to

Greater Alexandria Economic Development Authority

Notes To Financial Statements

December 31, 2011

advertise and sell the pledged securities within ten (10) days of being notified that the fiscal agent has failed to pay deposited funds upon demand.

NOTE 3 - RECEIVABLES

Receivables consist of \$102,346 of Hotel Occupancy Taxes collected by the Rapides Parish Tax Collector on behalf of the authority.

NOTE 4 – CAPITAL ASSETS

A summary of the Greater Alexandria Economic Development Authority's capital assets is provided as follows:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Disposals</u>	<u>Ending Balance</u>
Land	\$ 655,008	\$ ----	\$ ----	\$ 655,008
Leasehold Improvements	27,850	----	----	27,850

Total Net of Depreciation	<u>\$ 656,839</u>	<u>\$ 515</u>	<u>\$ ----</u>	<u>\$ 657,354</u>

NOTE 5 – PAYABLES

Accounts payable at year end are summarized as follows:

Accounts Payable to Vendors	\$ 1,834
Payroll Withholding	<u>1,410</u>
Total Payables	<u>\$ 3,244</u>

NOTE 6 – LEASES

The Authority has acquired certain facilities necessary for operations by executing an operating lease. The lease was renewed on January 1, 2010 for a period of three years ending December 31, 2013; a rental payment of \$1,971 is due on a monthly basis. Accordingly, the obligation for future minimum rental payments is \$47,304.

NOTE 7 - RISK MANAGEMENT

The Authority is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks of loss are covered by a comprehensive commercial insurance policy and workers compensation insurance. Claims resulting from these risks have historically not exceeded insurance coverage.

Greater Alexandria Economic Development Authority

Notes To Financial Statements

December 31, 2011

NOTE 8 – RETIREMENT PLAN

The Authority offers a defined contribution retirement plan to its employees. Under the terms of the plan, employees are allowed to contribute a portion of their compensation to the plan and the Authority provides certain matching contributions. For the year ended December 31, 2011, the Authority expended \$6,050 in connection with providing deferred compensation benefits.

NOTE 9 – LONG-TERM LIABILITIES:

Debt attributable to GAEDA's activities is summarized as follows:

Note Payable	<u>\$ 25,000</u>
Total Long-Term Debt	\$ 25,000
Due Within One Year	<u>25,000</u>
Due in More Than One Year	<u>\$ -----</u>

Note Payable

GAEDA acquired property located on Masonic Drive October 1, 2007 by entering into a loan agreement with JP Morgan Chase Bank. The loan obligation outstanding at December 31, 2011 is described as follows:

Loan agreement dated October 1, 2007 executed for the purchase of property located at 3017 Masonic Drive, with an original balance of \$500,000, bearing interest of 7%. Interest only payments are payable monthly on the 31st day of the month beginning October 31, 2007. Remaining principal payments are due in one final installment of \$25,000 due September 30, 2012.

\$25,000

The loan is secured by GAEDA's 3% occupancy tax revenue. In the current year total interest payments were \$2,939.

A revised schedule of maturities for the note is presented as follows:

Year Ended December 31 st	<u>Principal Installments</u>	<u>Interest Installments</u>
2012	<u>25,000</u>	<u>1,750</u>
Total	<u>\$ 25,000</u>	<u>\$ 1,750</u>

NOTE 10 – COMMITMENTS:

In the prior year GAEDA entered into three year term Intergovernmental Agreements with the Red Cross and the Louisiana Trust for Historic Preservation. The Red Cross of Louisiana commitment was fulfilled in the current year. No payment was made in the current year to the Louisiana Trust for Historic Preservation. The remaining future payment on the Louisiana Trust for Historic Preservation agreement at December 31, 2011 is \$3,333.

Greater Alexandria Economic Development Authority

Notes To Financial Statements

December 31, 2011

In a previous year GAEDA entered into Cooperative Endeavor Agreements with Accion Louisiana, Inc. for a three year time period and Future Farmers of America for a four year time period. The remaining payments on these agreements at December 31, 2011 are \$100,000 and \$27,000 respectively. No payment was made to Accion Louisiana in 2011 due to failure of Accion to present the report required by the agreement before payment is made.

In January 2011 GAEDA entered into a Cooperative Endeavor Agreement with CLEDA with the terms of the agreement beginning on January 1, 2012 through December 31, 2012 for an amount of \$5,000.

NOTE 11 – SUBSEQUENT EVENTS:

In January 2012 GAEDA entered into a Cooperative Endeavor Agreement with River Oaks Square Arts with funding in four equal installments of \$4,150. Installments are due at various interim dates throughout 2012.

In March 2012 GAEDA entered into a Cooperative Endeavor Agreement with Alexandria Regional Port Authority for funding in the amount of \$100,000 to be made in a single payment.

In April 2012 GAEDA entered into a Cooperative Endeavor Agreement with the Alexandria Museum of Art for three years with funding as follows: 2012- \$30,000, 2013- \$50,000, 2014- \$80,000.

To the Board of Commissioners
Greater Alexandria Economic Development Authority

We have audited the financial statements of the governmental activities of the Greater Alexandria Economic Development Authority, as of and for the year ended December 31, 2011, which comprises the basic financial statements and have issued our report thereon dated May 21, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the Greater Alexandria Economic Development Authority's internal control over financial reporting as a basis for designing our auditing procedures and for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Greater Alexandria Economic Development's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Greater Alexandria Economic Development's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We

did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Greater Alexandria Economic Development Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

This report is intended for the information and use of management, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
